

Suppliers, Vendors, Contractors, Persons working for or on behalf of Wieland Metals, Inc. & Wieland Thermal Solutions, Inc.

## ISO 14001 2015

### What is ISO 14001?

ISO 14001 2015 is an internationally known standard being implemented by Wieland. The goal of ISO 14001 is to protect our environment and prevent pollution.

### Environmental Policy Statement

The environmental policy may be found at the Wieland homepage and in our lobby at the Wheeling facility.  
[http://www.wielandmetals.com/internet/en/quality\\_and\\_environment/environmentfulltext.jsp](http://www.wielandmetals.com/internet/en/quality_and_environment/environmentfulltext.jsp)

### Notification

Wieland requires its Suppliers / Vendors to notify Wieland of any changes which can have an effect on the Environment. These changes can be to the Environment in and around Wieland or the Environments effected by Wieland's products.

### Significant Aspects/Impacts

Please note that these aspects exist at the Wheeling, IL plant. If you have any questions or concerns, please speak with your Wheeling contact.

Building Location	Significant Aspect	Impact (effect)
567 (SA2, SA1)	Sulfuric Acid (H2SO4)	<ul style="list-style-type: none"> <li>✓ Potential spill</li> <li>✓ Employee Exposure</li> <li>✓ Pollution</li> </ul>
