4 First-aid measures

· 4.1 Description of first aid measures
  · General information:
    First Aid information refer to any dust which is generated. The mixture in solid form does not pose any significant health hazard. However, melting or activities which produce metal dust, smoke or fumes can cause that metal dust enter the body in harmful amounts.
  · After inhalation:
    Supply fresh air and to be sure call for a doctor. In case of unconsciousness place patient stably in side position for transportation.
  · After skin contact: Immediately wash with water and soap and rinse thoroughly.
  · After eye contact:
    Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
  · After swallowing: Rinse out mouth and then drink plenty of water.
