Information sheet
for articles

SECTION 1: Identification of the article and of the company:

1.1 Product identifier
   Trade name: Wieland-SB5

1.2 Relevant identified uses of the substance or mixture and uses advised against
   No further relevant information available.
   Application of the article: Semi-finished product

1.3 Details of the supplier of the safety data sheet
   Manufacturer/Supplier:
   Wieland-Werke AG
   Graf-Arco-Straße 36
   89079 Ulm (Germany)
   Tel.: +49 731 944 0
   Fax: + 49 731 944 2772

   Further information obtainable from:
   Environment & Management Systems
   stefan.priggemeyer@wieland.com

1.4 Information in case of emergency:
   Factory security offices
   Phone: +49 731 944 2794 (Monday - Friday from 9 a.m. to 4 p.m.)

   Remarks for information sheet:
   Semi-finished products from copper and copper-alloys are articles according to Regulation (EC) No. 1907/2006 (REACH Regulation).
   For articles there is no legal obligation to issue a safety data sheet. However, to be able to provide information typically included in a safety data sheet also for articles, the present information sheet for articles has been worked out.
   We expressly point out that the information sheet for articles is a voluntarily issued information sheet which is not subject to the formal requirements of the REACH Regulation.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture
   Classification according to Regulation (EC) No 1272/2008 (CLP-Regulation):
   Semi-finished products do not fall within the scope of the CLP-Regulation and therefore there are not classified!

2.2 Label elements
   Labelling according to Regulation (EC) No 1272/2008: Void
   Hazard pictograms: Void
   Signal word: Void
   Hazard-determining components of labelling: Void
   Hazard statements: Void

2.3 Other hazards
   Results of PBT and vPvB assessment
   PBT: Not applicable to metals
   vPvB: Not applicable to metals.

(Contd. on page 2)
SECTION 3: Composition/information on ingredients

3.2 Chemical characterisation: Mixtures
- Description: Metal in compact form.
- Material code (DIN CEN/TS 13388:2015-08): --
- UNS-number: C67400
- Information: The classifications listed below reflect the classification of the relevant alloying constituents and are only for information. Mentioned percentages are references values.

SECTION 4: First aid measures

4.1 Description of first aid measures
- General information: First Aid information refer to any dust which is generated. The mixture in solid form does not pose any significant health hazard. However, melting or activities which produce metal dust, smoke or fumes can cause that metal dust enter the body in harmful amounts.
- After inhalation: Supply fresh air and to be sure call for a doctor. In case of unconsciousness place patient stably in side position for transportation.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: Rinse out mouth and then drink plenty of water.

4.2 Most important symptoms and effects, both acute and delayed:
No further relevant information available.
SECTION 5: Firefighting measures

· 5.1 Extinguishing media
  · Suitable extinguishing agents: Non-flammable. Use fire fighting measures that suit the environment.

· 5.2 Special hazards arising from the substance or mixture:
  No further relevant information available.

· 5.3 Advice for firefighters:
  · Protective equipment: No special measures required.

SECTION 6: Accidental release measures

· 6.1 Personal precautions, protective equipment and emergency procedures: Not required.

· 6.2 Environmental precautions: Not required.

· 6.3 Methods and material for containment and cleaning up:
  Collect the material and if necessary dispose it as waste according to section 13.

· 6.4 Reference to other sections:
  See Section 7 for information on safe handling.
  See Section 8 for information on personal protection equipment.
  See Section 13 for disposal information.

SECTION 7: Handling and storage

· 7.1 Precautions for safe handling: No special measures required.

· 7.2 Conditions for safe storage, including any incompatibilities
  · Storage
  · Requirements to be met by storerooms and receptacles: No special requirements.
  · Further information about storage conditions: Store in dry conditions.

· 7.3 Specific end use(s): No further relevant information available.

SECTION 8: Exposure controls/personal protection

· Additional information about design of technical facilities: No further data; see item 7.
**8.1 Control parameters**

- **Ingredients with limit values that require monitoring at the workplace:**

| Chemical    | AGW (Germany)                  | Long-term value: 0.02 A; 0.2E mg/m³

</tbody>
</table>

**Additional information:**

The lists valid during the making were used as basis. For the abbreviations, please refer to TRGS 900.
8.2 Exposure controls
- Personal protective equipment:
- General protective and hygienic measures:
  Keep away from foodstuffs, beverages and feed.
  Wash hands before breaks and at the end of work.
  Store protective clothing separately.
  Do not inhale dust / smoke / mist.
- Respiratory protection: Use a suitable industrial gas mask when work-place-limits are exceeded.
- Protection of hands:
  Protective gloves are recommended, depending upon how the semis are further processed (material of
gloves: neoprene or leather).
- Eye protection:
  Protective goggles are recommended, depending upon how the semis are further processed (tightly
sealed goggles - DIN EN 166).
- Body protection:
  Wear suitable protective clothing, depending upon how the semis are further processed.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties
- General Information
  Appearance:
  Form: Solid
  Colour: Metallic yellow
  Odour: Odourless
  Odour threshold: Not determined.
- Change in condition
  Melting point/freezing point: Nicht bestimmt
  Initial boiling point and boiling range: Undetermined.
- Flash point: Not applicable.
- Explosive properties: Product does not present an explosion hazard.
- Vapour pressure at 487 °C: 1 hPa
- Density at 20 °C: 8.12 g/cm³
- Solubility in / Miscibility with water: Not soluble.

9.2 Other information
  No further relevant information available.

SECTION 10: Stability and reactivity

10.1 Reactivity: Not applicable.
10.2 Chemical stability: Not applicable.
· Thermal decomposition / conditions to be avoided:
  No decomposition if used according to specifications.

· 10.3 Possibility of hazardous reactions: No dangerous reactions known.

· 10.4 Conditions to avoid: No further relevant information available.

· 10.5 Incompatible materials: No further relevant information available.

· 10.6 Hazardous decomposition products: No dangerous decomposition products known.

SECTION 11: Toxicological information

General information:
The solid product does not pose a health hazard if handled properly.

Effect on the skin: No effects.
Effect on eyes: No effects.
Sensitization: No effects.

SECTION 12: Ecological information

· 12.1 Toxicity
  Aquatic toxicity: No further relevant information available.

· 12.2 Persistence and degradability: No further relevant information available.

· 12.3 Bioaccumulative potential: No further relevant information available.

· 12.4 Mobility in soil: No further relevant information available.
  General notes: Semi-finished articles from copper and copper-alloys are not soluble in water.

· 12.5 Results of PBT and vPvB assessment
  PBT: Not applicable to metals.
  vPvB: Not applicable to metals.

· 12.6 Other adverse effects: No further relevant information available.

SECTION 13: Disposal considerations

· 13.1 Waste treatment methods
  Recommendation: Contact manufacturer for recycling information.
  Waste disposal key:
  12 01 03: Non-ferrous metal filings and turnings
  16 01 18: Non-ferrous metal for non-contaminated waste
SECTION 14: Transport information

- **14.1 UN-Number**
  - ADR, ADN, IMDG, IATA
  - Void

- **14.2 UN proper shipping name**
  - ADR, ADN, IMDG, IATA
  - Void

- **14.3 Transport hazard class(es)**
  - ADR, ADN, IMDG, IATA
  - Class
  - Void

- **14.4 Packing group**
  - ADR, IMDG, IATA
  - Void

- **14.5 Environmental hazards:**
  - Not applicable.

- **14.6 Special precautions for user:**
  - Not applicable.

- **14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code:**
  - Not applicable.

SECTION 15: Regulatory information

- Chemical safety assessment: void.
- Directive 2012/18/EU
- Named dangerous substances - ANNEX I None of the ingredients is listed.
- Waterhazard class: Generally not hazardous for water.
- Other regulations, limitations and prohibitive regulations
- Substances of very high concern (SVHC) according to REACH, Article 57
  - 7439-92-1 | lead

SECTION 16: Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific article features and shall not establish a legally valid contractual relationship.
