Printing date 06/14/2022

Version - No. 12

Reviewed on 06/14/2022

1 Identification

· Product identifier

- · Trade name: Wieland-Z32
- Relevant identified uses of the substance or mixture and uses advised against No further relevant information available.
- · Application of the article: Semi-finished product
- · Details of the supplier of the safety data sheet
- Manufacturer/Supplier: Wieland-Werke AG Graf-Arco-Str. 36 89079 Ulm
- Information department: Associations & Management Systems stefan.priggemeyer@wieland.com
- Telephone number: +49 731 944 2794 (Monday Friday from 9 a.m. to 4 p.m.)

2 Hazard(s) identification

Classification of the substance or mixture:

GHS08 Health hazard

- Carc. 2 H351 Suspected of causing cancer. Route of exposure: Inhalation.
- Repr. 1A H360 May damage fertility or the unborn child.

GHS07

Skin Sens. 1 H317 May cause an allergic skin reaction.

- · Label elements:
- · GHS label elements

The product is classified and labeled according to the Globally Harmonized System (GHS).

- · Hazard pictograms: GHS07, GHS08
- · Signal word: Danger
- · Hazard statements:
- H317 May cause an allergic skin reaction.
- H351 Suspected of causing cancer. Route of exposure: Inhalation.
- H360 May damage fertility or the unborn child.
- · Precautionary statements
- P261 Avoid breathing dust/fume/gas/mist/vapors/spray
- P280 Wear protective gloves/protective clothing/eye protection/face protection.
- P308+P313 IF exposed or concerned: Get medical advice/attention.
- P363 Wash contaminated clothing before reuse.
- P405 Store locked up.
- P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

· Other hazards

- · Results of PBT and vPvB assessment
- **PBT:** Not applicable to metals.
- · **vPvB:** Not applicable to metals.

3 Composition/information on ingredients

- · Chemical characterization: Mixtures
- · **Description:** Metal in massive form.
- Material Code (CEN/TS 13388): CuZn39Pb3
- · Material number (CEN/TS 13388): CW614N
- UNS-number: C38500

· Information:

The classifications listed below reflect the classification of the relevant alloying constituents and are only for information.

Mentioned percentages are references values.

Alloy components:

 7440-50-8 copper
 57.0-59.0%

 7440-66-6 zinc
 Balance%

 7439-92-1 lead
 2.5-3.5%

 ♦ Carc. 2, H351; Repr. 1A, H360
 max. 0.3%

 7440-02-0 nickel
 max. 0.3%

 ♦ Carc. 2, H351; STOT RE 1, H372; ♦ Skin Sens. 1, H317

4 First-aid measures

· Description of first aid measures

· General information:

First Aid information refer to any dust which is generated.

The mixture in solid form does not pose any significant health hazard. However, melting or activites which produce metal dust, smoke or fumes can cause that metal dust enter the body in harmful amounts.

· After inhalation:

Supply fresh air and to be sure call for a doctor.

In case of unconsciousness place patient stably in side position for transportation.

- · After skin contact: Immediately wash with water and soap and rinse thoroughly.
- After eye contact:
- Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: Rinse out mouth and then drink plenty of water.
- **Most important symptoms and effects, both acute and delayed:** No further relevant information available.

• **Indication of any immediate medical attention and special treatment needed:** No further relevant information available.

5 Fire-fighting measures

· Extinguishing media

· Suitable extinguishing agents: Non-flammable. Use fire fighting measures that suit the environment.

- · Special hazards arising from the substance or mixture No further relevant information available.
- Advice for firefighters
- · Protective equipment: No special measures required.

6 Accidental release measures

· Personal precautions, protective equipment and emergency procedures: Not required.

- · Environmental precautions: Not required.
- Methods and material for containment and cleaning up: Collect the material and if necessary dispose it as waste according to section 13.
- Reference to other sections:
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

7 Handling and storage

- · Handling:
- · Precautions for safe handling: No special measures required.
- · Conditions for safe storage, including any incompatibilities
- · Storage:
- · Requirements to be met by storerooms and receptacles: No special requirements.
- Further information about storage conditions: Store in dry conditions.

• Specific end use(s): No further relevant information available.

8 Exposure controls/personal protection

• Additional information about design of technical systems: No further data; see item 7.
