

Wieland North America Routing Guide

1) Shipment weight 0-100# route via UPS Ground

When shipping small package and letter, the preference is to ship prepaid and add the actual charges as a separate line item to the invoice

If the order must go collect or 3rd party bill to Wieland North America, UPS is the preferred small package and letter courier provider for freight collect and 3rd party billing. You **MUST** make sure UPS references the purchase order on all UPS shipments. At a minimum, the person you are shipping to should be references.

If you are routing next day prior to noon delivery, you must obtain written approval from Wieland North America. Provide the shipper with your department's UPS Account Code.

2) For Standard LTL delivery (100 – 20,000#), use Transporeon supplier connection portal:

Dear Supplier,

Wieland has elected to invest in a Transportation Management Platform, Transporeon, to manage load tendering for North American freight.

Transport Assignment (Delivery Creation):

Carrier Web Client: Web based platform for suppliers to easily create deliveries for Wieland to dispatch into transports for carriers.

Real Time Communication All changes to the transport order are automatically and immediately available to all parties involved.

Current Delivery Status The current delivery status can be checked at any time via real-time communication.

Registration Instructions for Transporeon (if not currently registered):

Please [click here](#) to register your company on the Transporeon Platform.

Once the Transporeon team has connected your company to Wieland, you will receive an email that includes training materials.

Use Supplier Connection to route your Wieland North America shipment when:

- It weighs more than 100 pounds
- It weighs less than 20,000 pounds
- It is palletized/ skidded
- It has a size above 130 inches

This is determined by applying the following calculation: (length + girth, where girth is 2x width

Wieland North America Routing Guide

plus 2x height). **NOTE:** Make sure your shipment by size or pallet count does not utilize the cubic capacity of the trailer. To verify cubic capacity applications, contact the local LTL carrier terminal. For special handling shipments, contact Wieland North America Corporate Logistics:

BU	Location	Contact	Email
RA	East Alton, IL	Shelly Cloninger	Shelly.Cloninger@wieland.com
RA	East Alton, IL	Dwyane Kemp	dwayne.kemp@wieland.com
RA	Wheeling, IL	Ken Gauger	kenneth.gauger@wieland.com
RA	Wheeling, IL	Leo Galvin	Leonel.Galvan@wieland.com
TS	Cuba, MO	Donna Jenkins	donna.jenkins@wieland.com
TS	Pine Hall, NC	Anthony Wall	Anthony.Wall@wieland.com
TS	Wheeling, IL	Ed Mayes	William.Mayes@wieland.com

IMPORTANT: Once the shipment is posted in the portal, you will receive the BOL from a Wieland Logistics employee. Please sign section 7, sign as the shipper on the bottom and provide this bill of lading to the carrier at time of pickup.

Transporeon will assign the carrier based on rate/service priorities assigned by Wieland North America.

NOTE: A visual of our LTL route guide is below. Transporeon will only allow you to tender rate to approved carriers with contracted rates in your lane. Should you get an error for no rate, contact Wieland North America Corporate Logistics for instructions.

NOTE: **Max Weight LTL = 5,000#.** If a skid is 5,000# or more, contact corporate logistics (see item 4)
