APPLICATION AND USE

Copper tubes with or without an external covering for protection of the tube surface and/or as thermal insulation finish coat. The intended use is for 2nd and 3rd family gases in accordance with EN 437 with a maximum operating pressure of 1 bar.

MARKING

- GASTEC QA, GASTEC QA logo or trademark.
- Manufacturers name or identification mark
- Date of production: year and quarter or year and month
- Number of European standard: EN 1057
- Nominal cross-sectional dimensions: Outside diameter x wall thickness.
- Identification of hardness of the pipe material, R220 or R250 or R290.
- Type of covering if applicable

RECOMMENDATIONS FOR END USERS

Check at the time of delivery whether:

- the producer has delivery in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport.

Consult the producer's processing guidelines for the proper storage and transport methods.

Check whether this certificate is still valid by consulting Kiwa Nederland B.V. or the Kiwa website.

If you should reject a product on the basis of the above, please contact the supplier and, if necessary, Kiwa Nederland B.V.
